Language Courses

A basic knowledge of English (at least two years in school) is obligatory for students just starting to learn German. Participants will be divided into three teaching groups after sitting a placement test on the first day. Students in our beginners' group will cover basic language skills and a priority will be given to conversation.

Intermediate students will read and discuss newspaper articles, short stories, and play scenes. To improve their knowledge of grammar and expand their vocabulary, they will read challenging and engaging texts and discuss current topics covered in recent newspapers.

Advanced students will be encouraged – with the support of their teachers – to compose essays and reports on different topics discovered in newspapers or literary texts.

All students also contribute to the course magazine they take home at the end of the programme. All German teachers are native speakers with many years of teaching experience in both German and German as a foreign language. Maximum size of any course group is 12 students.

Level of German

- Beginner (A1/A2) Intermediate (B1) Advanced (B2/C1)

Afternoon Activities

In the afternoon, you will spend the first week engaging in one activity and the second one doing another. Select **four** activities. Please indicate your 1st, 2nd, 3rd and 4th choice:

- Tennis > beginner advanced – playing for _____ years
- Sailing Rowing Rock-climbing Teamsports
- Creative Gardening & Beekeeping Art, Design & Photography
- Cooking

Wednesday Excursions

On Wednesday afternoons our unique location enables us to offer trips to Garmisch-Partenkirchen and to Bavaria's capital, Munich, where we will get to know the inner city. During these excursions, activities may include visiting various places such as the Olympic Park, different museums, the Allianz Arena, the English Garden and surroundings and many more.

Weekend Excursion

During the second weekend, all participants will move to a mountain cabin with a beautiful view on Schloss Neuschwanstein to experience the outdoors, a unique team spirit and challenging activities. We offer three different groups to choose from. Please indicate your first and second choice:

- Water:** Building a raft, a water filter and a flying fox above the river are just some of the challenges in this group.
- Culture, Nature & Ecological Awareness:** City bound around Schloss Neuschwanstein, orienteering, hiking through a creek bed and cooking on fire are the main parts of this varied programme.
- Alpine hike & Climbing:** climbing, abseiling and a flying fox as well as a challenging 5 to 6 hours alpine hike to a nearby summit on Sunday are composing this rather ambitious programme.

Conditions of Acceptance

- Upon receipt of the fully completed application form you will receive a folder with further information, contract and invoice.
- Enrolment is not finalized until the fee has been paid in full and the signed contract returned.
- The fee including transfer from/to Munich airport/main station is 2,750 €.

We hereby apply for admission to the International Summer School 2025.
With our signature we agree to the terms and conditions of acceptance.
